**DETAILED ACTION**

***Specification***

1. The abstract of the disclosure is objected to because reference characters should be enclosed within parentheses. Correction is required. See MPEP § 608.01(b).

2. The disclosure is objected to because of the following informalities: on page 7, line 16, "a glove top" should be changed to --a glove top 21--.

Appropriate correction is required.

3. The disclosure is objected to because of the following informalities: on page 11, line 7, "the cartridge memory 3" should be changed to --the cartridge memory 2--.

Appropriate correction is required.

***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 7-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

6. Claim 7 recites the limitation "the tip portions" in line 2. There is insufficient antecedent basis for this limitation in the claim.

7. Claim 8 recites the limitation "the two portions of the antenna" in line 6. There is insufficient antecedent basis for this limitation in the claim.

***Allowable Subject Matter***

8. Claims 1-6 are allowed.
9. Claim 7 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
10. Claim 8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
11. The following is a statement of reasons for the indication of allowable subject matter:

The primary reason for the allowance of claims 1-6 is the inclusion of the limitation of the external antenna comprising a loop antenna having a route in adjacent to the two surfaces. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.
